Florida Disciples Regional Church
Emergency Response Grant Application

These grants are made possible by donations from congregations and individuals and monies held by the Florida Region designated for this purpose by the Leadership Council. These grants are intended to provide financial help to congregations and ministries directly impacted by natural disasters or other emergencies. Grants are limited to up to $2500/congregation/event and no more than $2500 per congregation per year combined for all events. We pray these grants may offer some amount of financial support, but even more be a sign of our solidarity with one another and our ability to be present to our congregations as part of the wider Body of Christ.
