**God's Love Made Visible....
In our New Congregations**

At the Passion Center, we are dedicated to making God's love visible in our community and beyond. As a new church in the Florida Region, we believe in the power of belonging, a feeling that everyone longs for but not everyone gets to experience. I came from another denomination where, although I served faithfully, I never felt the true embrace of community. But since joining the Florida Region and serving on the New Church Team, I've encountered an overwhelming sense of welcome and love.

Being a part of this new church family has been a beautiful reminder that God's love isn't just a concept—it's something we can make visible through how we welcome others. Now, I get to be a small part of helping new ministries join our family, sharing the same warm embrace I received. And at the Passion Center, even though we are digital and going through a restructuring that we hope to unveil in 2025, we're committed to ensuring that everyone feels at home and experiences God's love in tangible ways.

Rev. Dr. Elizabeth Rios, Founding Pastor
The Passion Center, Pembroke Pines, FL
